What is the Oregon Association of Tax Consultants?

The Association, formed in 1972, is open to all tax practitioners in Oregon. The purpose of the Association is to organize tax practitioners to work toward the common goals of protecting our right to practice and to provide the education and guidance to better serve our clients.

The Oregon Association of Tax Consultants (OATC) is not associated with any school or other profit-making group. OATC exists only to provide benefits to the taxpaying public, and to the tax professionals of Oregon.

Goals:

1. Provide consumer protection for the Oregon taxpayer through a quality educational program for our members.
2. Promote high standards of ethical conduct among tax professionals.
3. Provide input to Oregon state agencies regarding the needs of our profession.
4. Promote an awareness of the tax-paying public of the education and licensing requirements in the State of Oregon.
5. Keep our membership informed of legislative measures that may have an effect on our profession.
6. Promote awareness in the State Legislature of the needs and desires of the Tax Professionals in the State of Oregon.
